There is no question that this is a new beginnings New Moon. We begin with Jupiter at 4° Capricorn, the planet of expansion, and still conjunct Pluto at 29° Sagittarius, asking us how we intend to launch this year for ourselves. We move on to access the Sun and Moon at 17° Capricorn, very motivated to anchor on that Jupiter energy to carry us through this whole year on the positive, open, expanded Capricorn vibration. It's a chance for us all to release those doubts about ourselves, and instead to see our life road this year opening up to us in a profound, challenging and exciting way. This year is truly a chance to release those limits, and instead embrace our new potentials.

As we get the Capricorns up and motivated, we all should be seeing our goals as available, doable, and our lives as truly a gift to be embraced and shared!

Eleithya, an Aegean goddess of birth is asking you to look closely at what new, creative venture you would like to begin gestating this year. She oversees not only birth and children, but also creativity. You can take this step up in your own life to be blessed and guided into any new venture, or to expand on the ideas you've been already trying to get off the ground. She's also closely connected to Jupiter, so together they will assist you in any direction you're headed!

This is an exciting time for me, and I want to share it with you. I've created this Calendar/Journal for 2009. Besides the Calendar pages by the week, with each New Moon and Full Moon there is a page with the sign/symbols and overview for your guidance. On the next page is a journal page. Here you will be able to record your intentions and affirmations for each New Moon and Full Moon sign. On the backside of this flyer is an order form. The Journals will mail the week of December 1. So, to order this product, you can go to www.NancyMillerOgren.com, where you may use PayPal, or you can send the orders directly to me at: **Nancy Ogren, 1705 Deweese St, Ft. Collins, CO, 80526**.
